

CROMERR Overview

Why We Built GovOnline

Jason Rayfield - Air Quality Division

Mecklenburg County Land Use and Environmental Services Agency

MECKLENBURG COUNTY

AIR QUALITY

What is CROMERR?

- Cross Media Electronic Reporting Regulation
 - Provides legal framework for electronic reporting under Title 40 of the Code of Federal Regulations
 - Requires state/local programs authorized to receive reports under Title 40 to obtain EPA approval of their electronic reporting system
- The goal is to provide electronic submittals with the same level of legal dependability as paper submittals

What is CROMERR?

Core system requirements:

1. Ensure that a copy of record is maintained throughout; and,
2. Ensure that a user is certified to enter data on behalf of facility.

MCAQ's Path to CROMERR Compliance

- We selected a vendor with an approved template – enfoTech.
- Used an off-the-shelf software program – GovOnline.
- System allows MCAQ to expand in the future to accept more report types.
- MCAQ's system approved by EPA in February 2017. 1st use within asbestos NESHAP program.

MCAQ's Identity Verification System

- Users complete an Electronic Signature Agreement Form (ESA); and,
- During system registration, applicants provide their driver's license number – identity verified through DMV.

New GovOnline System!

- “Canned” Report Types Now Available:
 1. Annual Emission Report Form
 2. 4Z Semiannual Report (stationary engines under MACT 4Z)
 3. Subpart Dc Semiannual Report (boilers under NSPS Dc)
 4. Asbestos NESHAP Form
 5. General Information Form – can be used for most any submittal type!
- To use:
 1. Fill out an ESA Form.
 2. Register as a new user – create password & pin number.
 3. Submit reports!

My favorite Submittals list

**Edit Pending Submittals**
Edit unfinished Submittals

Submitted Submittals

**Track Submitted Submittals**
Monitor submitted submittals

**Correspondence Msg**
Monitor correspondence Msg

**Email History**
Track emails for submitted submittals

Submittal > Open Submittals > Start a New Submittal

Use the search fields below to filter the Submittal Types list if necessary. After identifying which submittal form you would like to work on, click the **"Start"** button for that submittal type to begin. You do not have to complete the submission in one session; you can save a draft of your submission at any time and finish later.
